FEATURES

The beautiful Sierra is light and bright and offers everything you could need to enjoy endless holidays at the park.

Stepping inside you're sure to be impressed with the feeling of space thanks to lots of windows allowing the light to flood in, and the neutral colour scheme with touches of blue creating a calming environment. On an evening you can sit back with family in front of the TV and relax on the large I-shaped that also has a pull-out bed, or during the winter turn on the fire and enjoy a catch-up with friends. Whether you're a keen cook or not, you'll find everything you need in the kitchen including plenty of worktop and storage space, and a handy dining table.

This holiday home is perfect for those with large families, as the two twin bedrooms are great for children and both have storage so you can be rest assured there's plenty of space for all of their belongings. The comfortable master has a dressing area, wardrobe and en-suite WC.
